

Time Rabbit Knitting Pattern

As part of our campaign to raise awareness about the challenges posed by long parental absences, The Naval Children's Charity is delighted to invite you to create these Time Rabbits.

These will be sent out, alongside the original work of children's literature "Zoe and the Time Rabbit", to families that have request them.

The time rabbits come in pairs – one with a happy face on the bellow, and one with a sad face.

Please send any bunnies you knit to the address below, or email: book@navalchildrenscharity.org.uk if you have any questions.

Thank you for your time.

This pattern was very kindly created by Fiona Goble. For more information on Fiona, you can visit her website www.fionagoble.com

Measurement

15 cm from the tip of the feet to the top of the head (excluding ears)

Equipment

A pair of 4mm knitting needles

A needle to sew your work together

A large-eyed embroidery needle

Water-soluble pen (optional but very useful to mark features and clock face before stitching them)

Materials

20g ($\frac{3}{4}$ oz) Aran weight yarn in bright yellow

10g ($\frac{1}{3}$ oz) polyester toy stuffing

Very small amounts of red and black 4ply or DK yarn (or you could use embroidery thread)

Skill level

You will need to know the knitting basics (casting on, casting off, the knit and purl stitch) plus how to increase and decrease stitches in various ways and how to sew your work together. You will also need to know a few embroidery techniques – straight stitch, French knots and chain stitch.

A note on yarn

The best yarns to choose for the main rabbit are 100% wool or wool/acrylic mixes – although good quality acrylic yarns will also work well. Budget acrylic yarns are best avoided because they don't have enough stretch. For similar reasons, please avoid cotton, linen and bamboo yarns for this project.

K 10 rows.

Row 11: Sl1, ssk, pss0. [1 st]

Fasten off.

To make up

Sew the two head and body pieces together, leaving the lower edges open for stuffing. Stuff the piece, shaping the head and body as you go. Close lower edge. Sew the back seams of all the limbs, leaving the top edges open. Stuff fairly lightly. Sew the arms in place, just to the front of the side seams on the body. Sew the legs in place. Sew the ears in place.

Using black yarn or embroidery thread, embroider two French knots for the eyes and one French knot for the nose. Add the mouth using straight stitch.

Using red yarn or embroidery thread, embroider a circle in chain stitch on the rabbit's tummy for the clock face. If you have a water-soluble pen, you might find it useful to draw round a 2p piece to make a sewing guide for the circle. Add French knots for the eyes and work a flattened 'V' in straight stitch for the smiley mouth - or an upside-down flattened 'V' for the sad mouth.

Weave in all loose ends.

If you are not completely happy with the shape of your rabbit, dunk it thoroughly in lukewarm water. Then cup it in your hands and shake out the excess water, reshape it and leave it to dry thoroughly in a warm place.
